SIGNIFY

Product manufacturer

Tenant | Owner

The world leader in lighting and the lighting company for the Internet of Things with a presence in over 70 countries. Over the past 125 years, Signify has pioneered many key breakthroughs in sustainable lighting and was a driving force behind several leading technological innovations, including LED.

350 buildings
1,900,000m² total floor area
325,000 tCO₂e portfolio carbon emissions
30,000 employees

- 1 Commit**
Committed to carbon neutrality for global operations by 2020, and net zero carbon for all buildings.
- 2 Disclose**
Disclose Scope 1 & 2 operational carbon emissions and energy consumption via integrated annual report and public CDP disclosure.
- 3 Act**
Implement energy efficiency and renewable procurement including carbon credits used to minimise emissions from operations, logistics, and business travel. Currently, procure 80% of electricity from renewable sources.
- 4 Verify**
All sustainability information contained in the Signify annual report, and thus Scope 1 & 2 operational carbon emissions and energy consumption has been independently verified by Ernst & Young accountants at reasonable assurance level.
- 5 Advocate**
Set targets for 2020 of zero waste to landfill, deliver 2 billion LED lamps and luminaires and receive 80% of revenues from sustainable products.
