QIC GLOBAL REAL ESTATE
Real Estate Investment Fund
Owner

Queensland Investment Corporation Global Real Estate (QICGRE) has grown into one of the world’s leading diversified alternate investment firms. QICGRE seeks to design, execute, and deliver town centres that reflect the values and aspirations of the communities they serve. Pursuing value-add strategies that align with environmental, social and governance principles.

1. **Commit**
   Commit to only owning assets that are net zero carbon in operation by 2028.

2. **Disclose**
   Annually disclose energy consumption, Scope 1 and 2 emissions data through third party assured reporting.

3. **Act**
   Develop and implement a carbon emission reduction strategy that includes energy efficiency measures and maximises on-site energy generation across all assets.

4. **Verify**
   Publicly report progress annually against targets using relevant third party certification and verification schemes.

5. **Advocate**
   Demonstrate leadership through core business activities and advocate for the wider update of net zero carbon buildings within the industry.

9 buildings
