

Join Us in Transforming the World's Built Environment

Position: Senior Project Manager, Europe Region

Location: Europe

Type: Permanent

Salary Range: Up to 55000 Euro

Application Deadline: Mid-January

Are you ready to make a lasting impact on the world's built environment? Do you have a passion for sustainability and the skills to drive meaningful change? If so, the World Green Building Council (WorldGBC) is looking for you!

About WorldGBC

WorldGBC is the largest and most influential global network dedicated to leading the transformation towards sustainable and decarbonized built environments. Collaborating with 75+ Green Building Councils and industry partners worldwide, we are at the forefront of driving systemic changes to:

- Address whole-life carbon emissions of existing and new buildings.
- Create resilient, healthy, equitable, and inclusive places.
- Secure regenerative, resource-efficient, and waste-free infrastructure.

Our mission aligns with the ambitions of the Paris Agreement and UN Global Goals for Sustainable Development (SDGs). Learn more about us at www.worldgbc.org.

Join our team and unlock a world of exciting possibilities! we not only offer competitive compensation and benefits but also provide extensive growth opportunities, professional development and the flexibility of home/flexi working options. Take your career to the next level with us and experience a workplace where your ambitions thrive.

The Role

As a Senior Project Manager for the European Region, you will be pivotal in overseeing and delivering our impactful European projects. Some of the ongoing projects and initiatives you will lead include climate action, green building promotion, and circular economy solutions.

Your responsibilities will encompass:

- Project management and reporting.
- Building and maintaining the project pipeline through fundraising.
- Providing technical and thought leadership.
- Collaborating with stakeholders and representing Europe at key events.
-

Experience/Expertise

To excel in this role, you should have:

- Proven track record in managing EU or grant-funded projects.
- 5-10 years of experience in sustainable built environment issues.
- Familiarity with major European green building assessment schemes.
- Exceptional stakeholder relations management skills.
- Excellent written English and communication skills.
- Knowledge in life cycle assessment, building emissions, and various sustainability areas.
- Proficiency in MS Office applications and G-suite apps.

Join Our Diverse and Inclusive Team

At WorldGBC, we are committed to fostering inclusivity and diversity in our workforce. We encourage candidates to apply even if they do not meet all criteria. We value unique talents and experiences beyond checkboxes and embrace diverse working patterns.

How to Apply

Please submit your [application](#) by the mid-January deadline. Please don't wait until the last minute, as we'll be shortlisting and arranging interviews as applications come in. WorldGBC thanks all applicants but will only respond to shortlisted candidates.

Key Benefits of Working at WorldGBC
